MISSISSIPPI'S DAIRY INDUSTRY.

DESPITE the prolonged drought and greatly reduced price Mississippi's dairymen received for their products last year, they fared better than those in any other Southern State, we learn from J. C. Holton, commissioner of agriculture.

In a bulletin just issued we quote the following very interesting figures which show the growth and importance of the industry in our State:

Manufacturing plants produced nearly 7 million pounds of butter; 4 million pounds of cheese; 1-2 million pounds of ice cream; cheese factories 40 million pounds of whole milk; condensaries 60 million pounds and whole milk processed for distribution to retail trade totaled 53 million pounds. The number of creameries increased from 26 in 1929 to 30 in 1930; cream buying stations increased from 176 to 180 and whole milk distributing plants, both wholesale and retail, increased from 16 in 1929 to 37 in 1930.

Mr. Holton thinks there is every reason for believing that Mississippi will soon become the leading State in the South in the volume of its dairy products, as the industry is still in its infancy.

A derrick has been erected in Noxubee county, near Macon, and a well will be drilled in the hope of striking either oil or gas. Here's hoping that the attempt will prove successful.

Mississippi bootleggers and rumrunners seem to have declared an "open season" for killing prohibition law enforcement officers, no less than six having been slain in the State during recent weeks.

The plea to trade at home from the merchant who consistently buys printed stationery out of town doesn't get very far with us.—Yazoo Sentinel. Nor does the candidate for office who sends from Hancock county for his cards, etc., get very far with us.

In jail on the charge of criminally assaulting a Biloxi girl, Robert Landry of that city escaped prosecution by marrying her. If such a course meets approval in the eyes of the law it fails utterly in securing favor with general public sentiment.

A wholesale druggist of Los Angeles, California, has been convicted, fined \$500 and sentenced to six months in jail for selling mislabeled Jamaica ginger extract which caused the death of three persons and paralysis of 200 others. Seems like his punishment was entirely too light.

Church membership in the United States is constantly increasing as there are now ten church members for every twenty-five of our country's population. One hundred years ago there were only ten to each seventy-five. Not a bad showing, we think.

Rev. E. J. Currie, prominent Presbyterian clergyman and educator, died in Hattiesburg last Saturday, and his passage to a better world is mourned by all who knew him and appreciated his great work in the cause of education and religion. He was a native of Smith county, but moved to Hattiesburg thirty-nine years ago.

Dr. P. A. Teat, prominent Jackson physician, on trial for the murder of a young woman whose death resulted from an alleged illegal operation, secured a mistrial at the hands of a Hinds county jury. It is reported the jury stood 8 to 4 for conviction. The physician also faces a manslaughter indictment in connection with the death of the unmarried girl's unborn baby.

The number of bank bandit convictions secured in the courts of New Orleans during the past fifteen months leads the Daily Item of that city to believe that such gentry can find other localities where they can ply their "profession" with less risk of detection and punishment than in the Crescent City.

Clyde Rivers, a deputy United States marshal, was shot to death in Prentiss county last Sunday night. The officer had halted an automobile to search for a man alleged to have violated his parole, when one of the occupants of the car alighted, jumped behind a tree and fired four bullets into Rivers' body. Some twenty-odd suspects are under arrest.

M. M. Simmons, secretary-treasurer of a Hattiesburg building and loan association, was convicted and sentenced to serve eight years in the State penitentiary on a charge of embezzling \$24,629 belonging to the association. A motion made by his counsel for a new trial was overruled and his case has been appealed to the supreme court.

Big business may not be so keen to share its profits with the workers but when times are slack it is always willing to let the laborers share the effects of depression.—Yazoo Sentinel. There's a lot of truth in that. Big Business isn't going to make any noise about its profits in good times, but there's a slight falling off in the number of dollars rolling into the cash drawer and spilling out like a stack of

RECONSIDER, THEODORE.

GOVERNOR BILBO still sticks to his determination not to call a special session of the legislature until a "substantial majority" of the lawmakers sign his "no investigation, no impeachment" pledge.

A "substantial majority" of the members of the legislature, assembled in unofficial session, did pledge themselves to a seven-day session which would be devoted to necessary financial legislation and the utter exclusion of all other matters, but His Excellency did not approve of the wording of their pledge and he now says: "I'm through with them. If they don't want a session, all right. I'm not going to worry my head about it any longer."

It may be that you are not going to worry your head about it any longer, but two million Mississippians are! They have some regard for the good name of their State and the welfare of its educational and other institutions, now threatened with closure simply because you are too stubborn and obstinate to help provide the means by which they could be kept open.

Why you fear an investigation and impeachment is a matter about which you have not taken the people of the State into your confidence. But, Theodore, please remember that your present or future interest—political or otherwise—weighs not an atom in the minds of the people as against Mississippi and her institutions. The fate of both lies in your hands and failure on your part to live up to the oath you took when inducted to the high and honorable position you hold will forever damn you in the esteem of every self-respecting man and woman in the State.

Reconsider your declaration that you would quit worrying your head about it any longer, Theodore, and for once show yourself a man.

HITTING SOMEBODY.

A prominent Mississippian—and the Echo refuses to say whether he is or is not a candidate)—in making a public speech the other day is quoted as saying:

"It should not suffice that men in positions of public trust should so conduct themselves as to escape conviction and punishment, but their sense of common honesty and fair dealing in both private and official transactions should measure up to the standard of rectitude that will never compromise the honor and good name of the state either at home or abroad."

It does not require any particular measure of wisdom to solve the identity of the official whom the prominent Mississippian had reference.

BEST TO KEEP HANDS OFF.

Communists and their sympathizers held a demonstration in New York City last Sunday to protest against the death sentences imposed on nine negroes, convicted at Scottsboro, Alabama, of criminally assaulting two white girls. In addition to a lot of speech making, a letter was sent to Alabama's governor demanding the release of the brutes. It strikes us that the time has about arrived when it would be well for Communists and all other organizations to keep "hands off" in such matters. The negroes in whose behalf the demonstration was had, were convicted after a fair and impartial trial and it would mean certain, swift and sure death for every one of them should they be released.

CONFEDERATE REUNION.

The last re-union of Confederate veterans will be held in Montgomery, Ala., June 3, 4, 5, and one hundred inmates of Beauvoir Soldiers' Home will be there, Col. L. L. Morton, general superintendent of the Louisville and Nashville railroad, having agreed to give them free passes to make the trip.

WE WOULD LIKE TO BELIEVE IT.

A representative of the National Credit Association recently declared that "ninety-seven per cent of the people of the United States are fundamentally honest." We would like to accept that declaration as correct, but in looking over our list of delinquent subscribers we cannot accept the assertion as absolutely true.

THE KENTUCKY DERBY.

The fifty-seventh Kentucky derby was run at Churchill Downs last Saturday and Mrs. H. P. Whitney's three-year old colt "Twenty Grand" stepped the mile and a quarter in 2:01, thereby breaking the track record. The race was worth nearly \$50,000 to the winner and was witnessed by 60,000 spectators.

The national prohibition bureau has issued a warning to dry agents against a misappropriation seized liquor to their own use. "Liquor held under seizure is contraband and no more of it than is required for evidence in court may be removed from the original containers," says the bulletin issued. If it is real "good stuff" it is a down right shame to destroy it, but that has been rarely done in the past, nor will it be in future seizures, so the solemn warning of the prohibition bureau means nothing at all to thirsty dry agents.

At a recent meeting of the taxpayers league of Stone county the matter of reducing the cost of running the county was discussed from every angle. Among the plans advocated were cutting the thirteen county schools to six; a reduction of \$5 per day in the salaries of members of the board of supervisors, with an eight-day limit of each monthly meeting; a cut to \$1300 per year for county tax assessor and the same to the county superintendent of education, and combining the two offices of chancery and circuit clerk. This every ambitious program the league is advocating, and we shall watch with much interest what comes of it.

Chicago is to have a world's fair in 1933 and among other wonders planned for the millions of visitors to see is a tower which will rise to a height of 1600 feet, 350 feet higher than the Empire State building in New York and 600 feet higher than the Eiffel Tower in Paris.

WHAT OTHER EDITORS ARE SAYING

IS HE INSANE?

McComb (Miss.) Enterprise.
They say there is good in every man and that is the Christian's duty to seek for the best, not the worst, in every character.

Franklin (La.) Enterprise.
Vainly we have studied the man Bilbo, and the most charitable thing we can say is that he must be insane.

He co-operated with the characters implicated in the \$80,000 paving scandal and in the \$100,000 Rosenwald scandal and blocked every legislative effort to unravel the truth and protect the rights of the state.

He has blocked the path to paved highways and has personally seen to it that Mississippi has remained in the mud and dirt and mire.

He has railroaded Mississippi's educational institutions out of college associations and placed a handicap on the youth of Mississippi.

He has spent most of the present year on his pecan orchard, has remained away from the executive office and has ridiculed the church with his huge joke to raise money for the Juniper Grove Baptist Church.

FAMILY DOCTORS

Franklin (La.) Sun

One of the professors in the Harvard Medical School says that Americans can people as soon as they get something the matter with them rush to a specialist instead of a general practitioner. He says they should go to their doctor, who knows something of their personal history and ailments, and let him send them to the specialist that is needed.

This seems to be a correct diagnosis of the situation, but if the trend to specialization keeps on at the rate it has been going for the last twenty years, it will be hard to find a family doctor in another twenty years.

Doctors are just like other people; then enjoy short hours, less night work and a higher scale of income that is generally part of the specialist. But there never was anything so satisfactory and so comforting in time of sickness as to have a good family doctor, one in whom there is full confidence, come into the house.

We still have them, but their number is smaller each year. Many small communities no longer have resident doctors. It is one of the modern tendencies of centralization and specialization; that effect all business and professions.

EDITORS ARE HUMAN

Pelican (La.) Press

When a questionable situation arises in a town it is quite the fashion to remark that the newspapers ought to say something about that.

The average citizen feels quite certain he could run a newspaper better than the editor does, and if he were publisher of that sheet, he'd show em, you can bet. As a matter of fact, he has heard that, he would do just as the editor does—put the soft pedal on family rows, church squabbles, scandals not involving major principles, and such matters of ultimately minor importance as well adjust themselves with the passing of time.

The newspaper critic ought not to expect the newspaper man to advocate or attack any proposition which he himself lacks the courage to support or assail over his own signature. The editor is willing, ever eager, to push any project in the public interest, but is not willing to pull chestnuts out of the fire for individuals or factions.

SOAKING THE PUBLIC

Poplarville (Miss.) Free Press.

Ex-President Coolidge, in his daily writings, propounds some hard questions for the politicians to answer. He recently pointed out the simple fact that when Congress passes laws for spending money, the people have to pay for them. Also, when Congress creates a deficit, the public must pay, not the men who pass the laws.

The smaller the business and the smaller the income, the harder the tax load hits. The small earner and the small business, in paying rent and buying supplies, are charged with all the taxes that accumulate on land and manufactured goods.

So, when a single Congress appropriates \$10,200,000,000 during one session, as did the last one, the man on the street—the taxpayer and voter—is the one who will ultimately dig up the money to pay the bill.

It makes no difference how well the politicians camouflage their tax-raising schemes as assessments against the wealthy, on inheritance taxes, tangible taxes, excise taxes, special taxes, or the like, when Congressmen and women will feel the effect in higher prices, higher rents, depressed business, fewer jobs, lower wages, or actual lack of employment.

Tax money does not grow on trees. It comes out of the pockets of the people. You can't "soak" the laboring men and women will feel the effect in higher prices, higher rents, depressed business, fewer jobs, lower wages, or actual lack of employment.

RED CROSS FIFTY YEARS OLD.

Bogalusa (La.) Enterprise.

Fifty years ago, in 1881, a group of citizens signed the original constitution of the American Red Cross, and on May 21st this great organization of mercy will celebrate its golden jubilee.

Those who had a part in the organization of the society at the home of Miss Clara Barton half a century ago had little idea of the magnitude of the work they were undertaking.

VIEWS OF OUR NEWS

By Chicagoan

Chicago, Ill., May 19.—Now that Grouchy, Gus, who brings a dark cloud to the brightest day, has been fully informed as to the birthplace of John T. Meyers, he's sitting over in his corner, grumbling something about any place in the world being as bad as the rest of them anyway. Gus doesn't like Chili. Says he'd just as soon eat a prickly pear. And so far as I'm concerned, I'd just as soon he'd sit on one of those specimens of Southwest Texas wild "fruit," as on the chair from which he purports his doleful philosophy. . . . and worse tobacco smoke.

Three things did Mr. Meyers mention in his short description of his home, his mother, the towering pines and the beautiful gardens. And as the vivid panorama of his past years passes before his eyes, somewhere in it there are certain trees that he remembers having played under as a child. What giants they seemed! To scale even the smallest of them, was a feat to be accomplished only when mother was not watching. How often he scampered to their shelter when the heavens opened and an unexpected shower threatened to drench his little body. Am I not right, Mr. Meyers? Are not among your happy memories?

Now, the electorate of Hancock and Pearl River counties has extended an invitation, through the columns of last week's Echo, to attend a free basket picnic at Caesar. Candidates for office will be there. They will tell the voters how to safeguard the future of the state and county. Anyhow? Why, in no other way than by voting for the speakers, will the treasures of the state be preserved? Well, the voters will go, in large numbers. Some will listen to the speakers. Many will enjoy the fresh air of the Coast country summer, the while they search for other treasures beneath the trees.

Remember the quaint old legends that told of pots of gold to be found at the roots of trees? We here are two sentences from the pen of John Kierman, also a lover of trees, which will permit you to know that writer as intimately as do many who shake his hand: "There are treasures to be found under all trees, and some searchers find richer than gold. The trick is to know the treasure, and to make use of it in the proper way, or the proper one million ways." John T. Meyers and the others who love the pines and the live oaks of Bay St. Louis, have long ago learned that trick.

Refreshed after his pleasant vacation in San Antonio, and deeply conscious of the honor paid him in his absence, Chas. G. Moreau, recently re-elected President of the Bay St. Louis Rotary Club, resumed his chair at the last meeting of the organization. He briefly discussed plans for a still more useful Rotary Club during the coming year. The membership knew he had those plans, but because he felt they would be carried out, it elected to continue under his leadership.

Speaking further of trees, when Norwood Hingle, Joe Davidson and Capt. Vesser, made up a foursome completely by the presence of L. S. Elliott, they spent part of their time directing little balls from hole to hole on the Pine Hills golf course, so last week's Echo stated. They had little time to enquire about the beauties of the trees that form some of the hazards of that interesting course. Sometimes, I'm afraid, they may have even talked under their breaths. When is it a man says when a well intentioned drive results in the ball hitting a tree and bouncing away off into the rough? Anyway, I know that not one of the four gentlemen would consent to the destruction of a single tree on that course, even for the chance of making the round 10 under par.

And from Birmingham to Bay St. Louis, did Miss Flora Martin motor to visit with Mrs. O. T. Arnold. She met all sorts of people on that trip. Some were generous, courteous and hospitable; others self-centered, tactless and selfish. But the trees which welcomed her as she took to the road of an early morning, which sheltered her from the hot sun of the noontide, or which cast deep shadows across her path, as she sped along in the gloaming, were always friendly.

Now, I'm a man of my word. I mean that I'm going to try to get on the radio some night to read from the Echo, and to tell the listening courts, and the wondrous of Bay St. Louis, as revealed in this good newspaper every week. You readers can hurry that night along, if you'll each write me a letter, telling me that you'd like to hear the tone of "Chicagoan's" voice.

PERSONAL AND GENERAL NOTES OF WEEK FROM WAVELAND AND VICINITY

V. E. WEBER Box 134 Waveland, Miss.

HOLY COMMUNION AND CONFIRMATION AT ST. CLAIRES

Sunday at 8 a. m. Mass Father Costello officiating a large class of children received their first Holy Communion. In the afternoon the class was instructed and confirmed by Bishop Gerow assisted by Father Costello and Gmelch. Mr. Ed. Carriere and Mr. P. Kammer were sponsors for the boys and Mrs. Ed. Carriere and Mrs. John Nix for the girls. The Ladies' Altar Society had the church beautifully decorated for the services, which were very impressive and the little Soldiers of the Cross, feel that they are now ready to go forth and give battle to the enemy.

Graduation exercises will be held in the school auditorium, Friday night, May 22 at 8 P. M. An interesting program has been arranged. The parents and public are cordially invited to attend.

The first seven grades of Waveland school gave a delightful and entertaining program in the school auditorium Tuesday night. The teachers are to be complimented as the children were well trained and rendered their various parts perfectly.

IMPROVEMENTS

Mr. A. J. O'Keefe is adding two rooms and a screened porch to his beach home.

Dr. Briere will make extensive repairs to his summer home in Terrace avenue.

Mr. J. W. Ahrens of New Orleans is building a cottage on R. E. ave.

Mr. J. J. Bordages is remodeling his property on Beach. Mr. Walter Turcotte is in charge of the work.

Mr. John Miller is building an annex to his garage on St. Joseph St.

Mr. Robt. Deverney of New Orleans has purchased four lots on St. Joseph street and expects to build shortly.

PERSONAL

Mr. and Mrs. C. J. Ruckert, Mr. and Mrs. H. A. Fouroux and daughter, Janice, were week-end guests of Mr. and Mrs. John Burg and daughter, Adelaide.

Miss Muriel Andrews had as her week-end guest Miss Julia Wood.

Miss Nina Pratt of New Orleans will spend a few weeks at the beach home of her grandmother, Mrs. H. Laroussin.

Mr. and Mrs. E. Magner and family of New Orleans are spending several days as guests of Mr. and Mrs. L. A. Wilcox.

Mr. and Mrs. A. La Nasa and family are over for the summer.

Mr. and Mrs. A. Briere are spending several days at their home in Coleman avenue.

Mr. H. Holdrich was over Sunday and will be with his summer home now being built in Coleman avenue, when completed he will join the summer colony here.

Mrs. J. J. Maxwell of New Orleans spent several days at her home in Nicholson avenue.

Miss Mathilda Redding of New Orleans spent the week end with Capt. Ray and family.

The charming Miss Marguerite Merrin spent several days visiting her mother Mrs. Alcide Favre.

Capt. and Mrs. E. A. Svenson and family spent the week end with Mrs. Helmsbach in Terrace avenue.

Mr. and Mrs. Otto of New Orleans were week end guests of Mrs. A. Favre.

Mr. W. Krieder and family of New Orleans spent the week end visiting his sister, Mrs. Dan Fayard, Sr.

Mr. Harold Bourgeois has signed up with Waveland Sentinels as right fielder, he will be a valuable member of this popular team.

The managers of the Waveland baseball team, wish to extend their thanks to the members of the American Legion for their assistance in handling the large crowd at last Sunday's game.

We hope they will be with us when the Sentinels meet the Gulfport Tarpons at the Waveland park, Sears avenue, Sunday, May 24.

A large crowd at Waveland saw the Sentinels drop a hard fought 12-inning struggle to the Bay St. Louis Panthers by a 9 to 8 score and were thrilled for three extra innings as the two Hancock county teams battled to break the deadlock.

The Panthers came from behind to tie the count in the ninth when Cooley tripped and scored on a squeeze play as Nolan Lader bunt hit the center fielder.

The tenth was scoreless although Bay St. Louis got two men on base by single by Bontemps and a hit by Nolan Lader, while Waveland went three up and three down.

The Panthers scored in the first half of the eleventh when Nolan Lader singled and came home on a sacrifice fly by Bontemps. A home run by Nolan Lader, a sacrifice by Bontemps and a hit by Nolan Lader, scored the winning run.

SPORTS AT STANISLAUS

Last Sunday the Seniors, aided by more than three teams share of luck, managed to handily defeat the team representing the rest of the High School by the narrow margin of 6-5. The Undergrads, (get that one) played spectacular ball all the way thru, though they were outclassed by the Seniors in age, and in bunt looks. However, we are still out to get them; our only fear being that they will refuse to play us again. I am afraid they may be placed in that category of ball players who refuse to again, play a defeated opponent.

The Rock-A-Chaw track team came through with flying honors last Saturday from a hard won meet with Laurel. We scored 8 1/2 points to their 5 1/2. This really shows that we have an excellent team this year, for not much could be judged from the easy win over Mobile's best offerings last Wednesday. In Mobile we took all first places excepting two, and in Laurel every track man placed except Ainsworth Kidd, who had a bad fall on the cinders, but still had pluck enough to get up and keep running despite his injuries. Congratulations, fellows, keep it up, Stanislaus is always proud of you.

JUNIORS WIN AND LOSE

Last Thursday afternoon the Bay St. Louis Cracker-Jacks took advantage of a few errors to beat the Stanislaus Juniors 7-6. The score stood 7-1 at the 8th inning and the loyal boosters of Brother Conrad's nine got busy to cheer their team on to victory. A rally was made but fell short of one run.

Sunday morning the Juniors took revenge and won 3-0. It was about the most interesting game played on the home diamond this year. Raymond Kidd pitching for the Juniors allowed but 2 hits while he and his team got 7.

went safe on the first baseman's error. However the Panthers kept Waveland from scoring the winning run on Telhard's hit when right fielder Jack Lader pegged home to catch T. J. Bourgeois at the plate.

Condor Goes Route

Bay St. Louis scored the winning marker in the twelfth on an error and a hit. J. Bontemps was safe when T. J. Bourgeois overthrew first base and came home with the victory on Wallace Bontemps' single.

Bob Condor made a vain attempt for Waveland's offensive in the last of the twelfth by singling after two were out but Bay St. Louis ended the game by taking Harold Bourgeois out, shortstop to first base.

Lefty Egloff, started for Bay St. Louis and was touched for eleven hits for seven runs in less than five innings. Jimmy Collier relieved him and kept the hits well scattered to give the Sentinels one more run and to be credited as the winning pitcher.

Bob Condor hurled the 12 innings for Waveland and struck out eleven Panthers.

KANSAS CITY MAN TO SET PLANT NEAR COAST TO CRUSH TUNG OIL NUTS

Will Also Establish Blueberry Preserving Plant—Has Extensive 200-Acre Farm Near Lyman of Both Products—Owner Is Quite Wealthy and Cancels Summer Trip To Europe.

By W. D. ROBINSON
Pass Christian.

Plans have been completed to establish two new industries in the Mississippi Coast area, about ten miles north of Gulfport. One will be a blueberry preserving plant, the other a mill to crush tung oil nuts. Both plants will be built by L. J. Ringolsky of Kansas City, Mo.

Mr. Ringolsky, a few years ago, bought 200 acres of cut-over land about two miles west of Lyman, on the Poplarville highway. He decided to plant the whole tract in tung oil trees and blueberries.

Planting started in January, 1930. Tung oil trees planted in 1930 are bearing their first fruit this year. To date 110 acres have been planted in tung trees and blueberries. The remainder of the tract will be planted next winter.

Blueberries and tung trees are planted in alternate rows, 15 feet apart. The blueberries are bearing their first crop this year. By next season the yield will be heavy.

While on a recent visit to his farm Mr. Ringolsky selected a site for a blueberry preserving plant and announced that it would be ready for operation when the crop matures next year. At the same time he announced that he would construct a mill to crush tung nuts for oil when the trees in his grove begin bearing nuts in commercial quantities. Under normal conditions this will be in about four years.

Tung trees begin bearing the third year after planting from the seed and the second year after being transplanted from a nursery. They increase in yield each year until about 10 or 12 years old, when they reach their maximum production and continue during the life of the tree, which is from 30 to 40 years. Tung oil is a necessary ingredient in the manufacture of paint and varnish. Nearly all of the tung oil used in the United States is now imported from China.

Mr. Ringolsky is a lawyer by profession and is quite wealthy. He and his wife spent last summer on their farm, instead of going to Europe, their usual custom. Both of them are delighted with the Mississippi Coast. They have built a pretty bungalow on their farm which, in another year, will be one of the show places of the coast. J. E. Stewart is manager of the farm.

Thousands of Burmuda Lilies Blooming At Best On North Beach Bl'vd.

Attracting unusual attention and exciting the admiration of all who pass by, long rows of Burmuda (Easter) lilies are blooming on each side of the front yard entrances to the homes of Mrs. E. J. Leonard, Dr. and Mrs. Jas. A. Evans and Mr. and Mrs. Max T. Kohler on North Beach boulevard. Thousands of these immaculate white lilies are now in bountiful and bounteous bloom and the sight is well worthy of visit.

Other places in the vicinity also show to advantage with similar blossoms but not of equal profusion are gardens of Mrs. Chas. A. Breath, Misses Perkins. This section of the beach boulevard might be called the "Lily Trail," someone suggests.

STANISLAUS COLLEGE ECHOES

The annual Sodality picnic will be held next Thursday. Some 160 boys will participate. Undoubtedly, many of the "stranger sex" will seek that coast of tan which is supposed to be so "masculine." If you want to start a miniature war next Friday, just slap your best friend on the back—he'll be your answer to a pugilist's prayer.

The election of officers took place last Thursday and the following were elected for next session: President, Maurice Artigues, Vice-President, Leon Baquet, Secretary, Pascal Fluchetto, Treasurer, Salvador (Duke) Ducasa, Councilors, Marion Verlander and Ainsworth Kidd. Congratulations to 'em all.

The Stanislaus Serenaders, "Rhythm Boys" par excellence, went last Sunday to New Orleans to thrill their radio audience over Station W. S. M. B. The program opened promptly at 11:00, with "Serenade" (the theme song of the Serenaders) and from then until well past 11:30 the announcer was literally deluged with requests. Stanislaus can justly be proud of its jazz band, for at the close of their broadcast, a public invitation was broadcast informing them that if they desired to play over that station again, the management would be only too glad to have them.

The personnel of the Serenaders is: Aalimo, Swigart, Guenard, Dugaut, Grevenberg, Doggett, Lea, Gasque, Labry and Verlander. Congratulations to you, boys, and to Prof. Smith.

CROWNING OF VIRGIN BIG EVENT

More Than One Thousand Catholics Assemble In Bay St. Louis Sunday Evening for Affair.

The crowning conducted under the auspices of the Gulf Coast Sodality last Sunday afternoon was very edifying. More than one thousand members of the various Sodality from Pass Christian, Biloxi, Gulfport, Long Beach and Bay St. Louis were present. Rt. Rev. Bishop George presided and was assisted by Father Hagar of Long Beach, Father Keenan of Biloxi and Fathers Gmelch, Fahey and Deignan of Bay St. Louis.

The entire body of Sodality assembled at St. Joseph's Convent, and formed the procession which entered the church singing. This was followed by a sermon from the Rt. Rev. Bishop in which he gave a definition of the Rosary; "A spiritual bouquet of roses to Our Blessed Lady," and praised the value of such an offering to Our Heavenly Mother.

After the sermon the procession proceeded from the church to the Shrine of Our Lady, reciting the Rosary during the procession.

Miss Inez Dubuisson of Long Beach, Miss, in company of her maids, followed the cross-bearer. Miss Dubuisson also received the coveted honor of crowning the Blessed Virgin Mary. The Sodality entered after the queen and her maids, St. John's Parish of Biloxi was the first Sodality to enter the Shrine; then followed in succession; St. Francis de Sales, Gulfport; the Sodality of Pass Christian; St. Teresa's Sodality of Biloxi; St. Thomas of Long Beach; Nativity Parish of Biloxi; St. Joseph's Academy, Bay St. Louis; Boy's Sodality of Pass Christian; St. Stanislaus College of Bay St. Louis and the

DRILLING FOR SULPHUR, GAS OR OIL NORTH OF THE MISS. GULF COAST

Drilling In Progress by Hercules Sulphur Exploration Corporation In Stone County, North of Gulfport, On The John H. Land Tract—Company Drilling Has No Stock For Sale.

By W. D. ROBINSON
Pass Christian.

Keen interest is manifested by many citizens of the Mississippi Coast section in sulphur drilling operations in Stone county, about three miles northeast of McHenry. Possibilities of important mineral discoveries are widely discussed.

The drilling is being done by the Hercules Sulphur Exploration Corporation, organized as a common law trust under Mississippi statutes. H. R. Fine, Frank Blanc and F. A. Robinson constitute the corporation. The capital structure is 5000 shares, with a value of \$10 per unit, all subscribed. No stock is being sold. The operators claim to have ample money to carry the drilling through to a finish. No funds are being solicited from outsiders.

Exclusive sulphur rights have been obtained by the corporation on 12,000 acres of land in Stone county and about 10,000 acres in Harrison county. Included in this is 1840 acres of land in Stone county leased from J. H. Lang of Pass Christian. Drilling operations are being conducted on the Lang lease. That site was selected because it contains what geologists term a "geological fault." Experts who have investigated the geological formation of the land have expressed the opinion that valuable mineral deposits, such as sulphur, oil or gas, or all of them, will be found in that region.

Tests with instruments seem to indicate the best showing for sulphur. A well was drilled to a depth of 1087 feet on a hill several hundred feet from the present well several months ago. The drill passed through a 4-inch vein of sulphur at a depth of over 1000 feet, but the well was abandoned because the rig was inadequate for a well of great depth. The rig now in operation is of the latest type and is capable of drilling 4500 or 5000 feet if necessary.

The well that is being drilled is nearer the center of the "geological fault." The land on which it is located is pan-shaped, surrounded by hills.

Mr. Fine, Mr. Blanc and Mr. Robinson made a careful investigation before putting up their money. They are experienced drillers and have operated in the oil fields of Louisiana, Texas and Mexico.

Mr. Fine expressed the opinion that there is a sulphur deposit on the land that covers approximately 300 acres. The deposit, he said, is of the dome formation.

The Lang tract, where the well is being drilled, has a number of surface indications of a "geological fault." These "faults" were caused by the settling of the crust of the earth thousands of years ago. Several different kinds of clay, some of it of a very fine quality, is found in large quantities on the land. A brick yard has been using some of the clay in a plant near Perkinston.

Located on the tract is a high hill of solid clay of a light gray color. It is known as "Mount Mincey" by inhabitants of the surrounding country. The hill was given that name because nothing will grow on it. Mr. Lang has sent samples of the clay to the State Geologist at Oxford and to the State Chemist at the Agricultural and Mechanical College at Starkville for testing and analysis.

On the same tract of land there is another hill of gravel. At the base of this hill several springs gush forth streams of water, forming a creek. Not far away is another hill of sand. The combination of clay, gravel and sand furnishes an enormous supply of building material.

Former Bay Resident Dies At Home In New Orleans; Buried Here

George Scheib, former resident of Bay St. Louis, occupying a residence in Union street with Mrs. Scheib for several years, passed away in New Orleans on Monday of last week, following a long illness, in his 66th year.

Mr. Scheib was a visitor to Bay St. Louis only a few weeks ago, when it was known he was ailing, and friends then were convinced he was a very sick man. For many years he was employed in the beach boulevard section as night watchman, which trust he filled to the general satisfaction of all concerned. He was conscientious and dependable.

The remains were shipped from New Orleans to Bay St. Louis for interment. He was a member of the order of Knights of Columbus of Bay St. Louis and his funeral was under the auspices of that order.

Mrs. Scheib, an invalid, survives. Also a brother at Wayland and other relatives in New Orleans.

Hon. Robt. L. Genin Now Representative Of Hancock County, Miss.

At the recent special election in Hancock county for representative to the Legislature, Hon. Robert L. Genin was elected to fill the unexpired term of the lamented Bryan Russell. Mr. Genin received his commission from the governor at Jackson and is now the full-fledged representative from Hancock, an honor and trust he has held on previous occasions.

Mr. Genin is a well known resident and attorney of Bay St. Louis and is city attorney for the board of city commissioners.

it would attain. Chartered by Congress for its special work the organization now boasts 3500 chapters and a membership roll that runs into the millions.

Today, as Chairman John Barton Payne points out, hardly a person in our 120,000,000 population does not understand the insignia of Red Cross as the representative of merciful and humane efforts. Throughout the land there are children who know what the Red Cross stands for, and take pride in wearing the button that is given with the Annual Roll Call Membership Drive.

The Red Cross, as a rule, lives up to the Boy Scout motto, "Be Prepared," and keeps itself in readiness to render prompt and efficient relief to areas stricken by natural disasters. It has had the confidence of the people of the nation, as is evidenced by the outpouring of millions of dollars in response to its calls for special relief purposes.

CURRENT COMMENT

For The Sea Coast Echo

A marine court decides that a man is not to be considered unfit to be master of a vessel simply because he has weathered the storms of three score years and ten. The decision is sensible, and a well-directed blow at industrialists who terminate the usefulness of their servants at an arbitrarily fixed age limit. The facts of the particular case should govern. Cato was wise at 80, and Benedict Arnold foolish in the prime of his years.

BEATING THE TELEGRAPH.

The latest achievement in aerial navigation is reported from Berlin. An American, flying to that city from London, arrived a few minutes ahead of the cablegram announcing his departure from the English capital. The telegraph company should have arranged to have him carry the message.

FOR A CLOSER TOUCH.

A prominent Englishman, stationed in this country, calls for a closer touch between the common people of the several nations of the world, as the best means for averting war. The suggestion is old, but none the less potent on that account. Every one hesitates to pick a personal quarrel with a "good neighbor," and it is not seen why the general idea involved could not be extended to larger affairs. Speaking of the common folk and their part in international conflicts, how many countries would have been involved in the so-called World War if the declaration of war had depended upon a referendum vote?

A TIMELY PROTEST.

A protest against the speed and pressure of modern life, was stated recently in words that were new and few, by a public speaker who said that man had become the slave of his own inventions.

ADVANTAGES OF A GREAT COUNTRY.

A list of the names of approximately 200 students, selected on account of high scholastic attainments, contains about 50 that point unmistakably to foreign birth or foreign education. The proportion is large enough to attract notice. It shows that the advantages of the country are open to all as they should be. No one would deny to the foreign-born, whatever enlightenment may have to offer, but the figures indicate that pleasure, indifference, or wealth, has closed to the knock of Opportunity, the ears of pupils whose ancestors have an ancient heritage in the land.

CAROL'S FAMILY PARADES.

Queen Helen of Rumania fails to join King Carol in viewing a parade and the circumstance has been made ground for comment. Carol has been the leader of so many spectacular family parades that Helen probably thought that nothing could surpass the home made article.

CLUBS AND CHLOROFORM.

A state medical society has declared in favor of needless death of imbeciles and the incurably ill. The movement is age-old, and makes its presence known every so often, but with no sign of increased approbation. As a matter of public gain, it is better that the sick should suffer, than that the well should acquire the calculating hardness that would sanction the cracking of a sick man's head with a club; and, in principle, there is no fundamental difference between clubs and chloroform.

"GILDING THE LILY" AGAIN.

The old adage about gilding the lily has been dug up by royal Japanese visitors who were disappointed at the attempt to illuminate Niagara Falls with colored lights. The remarks of our callers are a just comment on our poor taste. If the Great Lights, which have shone since creation, are not sufficient to display the works of nature, something is wrong with man's eyesight, physical or mental.

To Surface Old Spanish Trail From State Line to Bay City

Surfacing of the Mississippi section of the Old Spanish Trail between East Pearl River and Bay St. Louis will be started within a few weeks, it was indicated Monday.

The highway has been raised and widened. This section is 28 miles long and when completed will give motorists a surfaced route between the Mississippi Gulf Coast and New Orleans. Part of this highway formerly was subject to inundation during heavy rains.

Mississippi already has surfaced four miles of the Old Spanish Trail between the Louisiana line and East Pearl River.

This will bring the O. S. T. hard-surfaced into Bay St. Louis and will mean the completion of a hard-surfaced highway from New Orleans through the Mississippi Gulf Coast into Mobile.

MRS. B. SPOTORNO, Proprietor.

Dr. Henry G. Williams of Kentucky, whom she married following the death of her first husband, Wesley Williams, at Pass Christian in 1925. She was the daughter of Mr. and Mrs. Vanhausalear Foreman of Waterford, Ky.

The body was taken to Louisville, Ky., for interment. Mrs. Williams was no stranger to Bay St. Louis. Her home at the Point was well known for its attractive flower garden, right now radiant with color. The demise of this excellent woman is cause for deep regret.
